Y·PLUS+®
IN THE WORLD

Yplus is a youth-oriented creative brand dedicated to designing and developing innovative stationery and art supplies. Our goal is to address the pain points faced by children in their learning and growth journey, providing them with better learning and creative experiences.

We believe that design can transform learning, making it more engaging and effective. Therefore, we focus on understanding the learning and creative needs of young people and continuously introduce innovative products that help them find more enjoyment and inspiration in their learning and creative pursuits.

We offer a wide range of vibrant and distinctive stationery and art supplies to young people worldwide, empowering them to unleash their creativity and imagination in their learning and creative endeavors. Whether it's note-taking, crafts, or art creation, we have suitable products that offer more possibilities and choices for children's learning and creativity.

If you also believe that design can revolutionize learning, we welcome you to join us in bringing more surprises and innovations to the learning and creative journeys of young people.

Y·PLUS+®

After 30 years of development, as a brand selling to over 80 countries, Yplus has been committed to promoting innovative stationery and arts and crafts supplies globally. We work together with partners from all over the world to create a bigger situation.

Yplus's global perspective is not limited to market sales, but also focuses on in-depth understanding and meeting the learning and creative needs of young people from different countries and regions. Adhering to the concept of openness, inclusiveness and innovation, we work closely with global partners to jointly study Market trend, understand local culture and education systems, and launch innovative products that meet the needs of different countries and regions.

We have established a solid cooperative relationship with our global partners, jointly committed to promoting the development of youth cultural and creative industries. We share market information, design concepts, jointly develop new products, and promote and sell globally through regular communication and cooperation.

The diversity of Yplus global partners has enriched our product line and brought rich cultural and creative elements. We encourage global partners to actively participate in product design and innovation, integrating creativity from different countries and regions into our products, and providing more diverse and diverse learning and creative experiences for young people.

We are well aware of the diversity and complexity of the global market, so we focus on establishing localized operational teams in various countries and regions, providing customized sales and services to meet the needs of the local market.

Yplus will continue to work closely with global partners to promote the global development of the brand and provide more innovative, diversified, and high-quality learning and creative products for young people worldwide. Let's work together to create a bigger situation and inject more vitality and creativity into the global youth cultural and creative industry!
